PTFE PRODUCTS

EPIX3504

Description

EPIX3504 is designed for use with many acids, some caustics, hydrocarbons, refrigerants, hydrogen peroxide and cryogenics. Its texture helps seal a wider range of applications and is more forgiving during installation.

Official distributor of Garlock's products: GARLOCK EPIX 3504

Applications

- Most acids and some caustics
- Hydrocarbons
- Solvents
- Refrigerents
- Cryogenics
