MESH

MESH INC

Description

This inconel mesh is knitted in a circular pattern and is flexible in both directions so it conforms easily to irregular surfaces. It is available in different wire diameters and withstands moisture, corrosion, vibrations and friction.

Applications

The wire MESH INC is similar to the MESH SS but with higher temperature resistance. This material is ideal for covering insulation mattresses and protective envelopes for mufflers.

Specifications

Technical Data

Wire diameter	0.008" - 0.011"
Temperature	1 260°C (2 300°F)
