OTHERS

NOMEX 100

Description

The Nomex® 100 felt is fabricated entirely of aramid fibers by a needling process.

Applications

This felt is designed for multiple hot air filtration applications. It resists to chemical products and maintains excellent dimensional stability. It is also available with a heat set finish.

Specifications

Technical Data

Composition	100% aramid fiber
Weight	29-35 oz/yd ²
Thickness	0.180"-0.200"
Temperature	650°C (1200°F)
